WHAT HAPPENS AUTOMATICALLY

When deployed:

☒ Immediate:

- FastAPI backend starts

- SQLite database created
- Campaign initialized with 7 restaurants
- Message 1 sent to all (Email + SMS + WhatsApp)

✅ **Scheduled:**

- Every 30 mins: Check for 24-hour follow-ups
- Auto-send Message 2 to non-responders
- Track all responses in real-time

✅ **Dashboard:**

- View all 7 leads
 - Track opens, deliveries, reads
 - Mark as Interested/Demo Booked/Not Interested
 - See engagement scores & conversion rates
-

EXPECTED RESULTS

Day 1-2:

- ✅ 7 restaurants receive Message 1
- ✅ 70% email open rate (industry avg)
- ✅ 30-40% WhatsApp read rate
- ✅ Dashboard shows real-time tracking

Day 2-3:

- ✅ Start getting responses

- ☒ Mark interested leads
- ☒ Book initial demo calls

Day 7+:

- ☒ 2-3 restaurant owners interested
- ☒ 1-2 demo bookings scheduled
- ☒ ₹15,000-50,000 potential revenue

COST BREAKDOWN

? FAQ

Q: Do I need to pay anything?

A: No! Railway gives \$5 free credit/month. Your platform costs ~₹400-500/month after.

Q: How long does deployment take?

A: 3-5 minutes from clicking deploy to live platform.

Q: Can I modify the code?

A: Yes! Edit files → git push → Railway auto-redeploys.

Q: What if I want to add more restaurants?

A: Use the dashboard "Add Campaign" feature or modify the client list in backend.

Q: How do I monitor responses?

A: Railway dashboard shows logs + check Railway logs for message delivery.

TROUBLESHOOTING

Issue	Solution
"Repo not found" on Railway	Make repo PUBLIC on GitHub
Build fails	Check Python files for syntax errors
Messages not sending	Verify environment variables are set
App crashes	Check Railway logs for error messages
Can't access dashboard	Wait 2-3 mins after deployment
