

QuiteCapital Outreach Platform

 AI-powered automated email + SMS + WhatsApp outreach platform for restaurants and businesses

Features

✓ Multi-channel Messaging

- Email via Resend (quitecapital.resend.dev)
- SMS via Twilio
- WhatsApp via Twilio

✓ Automated Campaign Management

- Send Message 1 immediately
- Auto-send Message 2 after 24 hours
- Real-time response tracking

✓ Lead Management Dashboard

- View all leads in real-time
- Track email opens, SMS delivery, WhatsApp reads
- Mark leads as Interested/Demo Booked/Not Interested
- Engagement scoring & analytics

✅ Pre-loaded Campaign

- 7 Bhubaneswar restaurants
- Ready to send immediately upon deployment

Quick Start

1. Deploy to Railway (1 Click)

 [DEPLOY TO RAILWAY NOW](#)

Or use this button:

 [Deploy on Railway](#)

2. Set Environment Variables

In Railway dashboard, add these variables:

```
RESEND_API_KEY=re_Um464pMw_hDutC5whLpK8m6zd  
ebvR3Er3  
TWILIO_ACCOUNT_SID=AC6017d3a5097b5ce126fc44  
d292a5ce82  
TWILIO_AUTH_TOKEN=TYV55GXNADK4TEEXDT5HTX18  
TWILIO_PHONE=+919938455252
```

3. Done!

Platform will:

- ✅ Create campaign with 7 restaurants
- ✅ Send Message 1 via Email + SMS + WhatsApp

-  Auto-schedule Message 2 (24 hours later)
-  Track all responses in real-time

Local Development

```
# Install dependencies
pip install -r requirements.txt

# Run backend
python quitecapital_backend.py

# Backend runs on http://localhost:8000
# API docs at http://localhost:8000/docs
```

Architecture

- **Backend:** FastAPI (Python)
- **Frontend:** React
- **Database:** SQLite
- **Email:** Resend API
- **SMS/WhatsApp:** Twilio API
- **Hosting:** Railway.app

Target Restaurants (Pre-loaded)

1. Uptown Vibes - Patia, KIIT Road
2. Lemon Grass - Jayadev Vihar

3. Malva Restaurant - Patia, KIIT EXPO
4. Starlit Civilians - Satya Nagar
5. TERRA ROSSO - Kharabela Nagar
6. Hotel Pushpak - Dhauli
7. Narula's Restaurant - Ashok Nagar

Message Templates

Message 1 (Immediate)

Hi 🙋 I'm Abhishek. I work with restaurants to automate customer enquiries. We built an AI Customer Assistant that instantly sends menus, location, offers, and collects reservations.

Quick 10-minute demo?

📱 WhatsApp: +919938455252

✉ Email: abhishektiwari160906@gmail.com

🎬 YouTube: @quitecapital1111

Message 2 (After 24 hours)

Personalized follow-up specific to each restaurant's location and customer base.

API Endpoints

```
POST /campaigns
- Create campaign and send Message 1
- Body: { "name": "Campaign Name",
"clients": [...] }

GET /campaigns/{campaign_id}/leads
- Get all leads with engagement data

PUT /leads/{lead_id}
- Update lead status
- Body: { "status": "interested" |
"demo_booked" | "not_interested" }

GET /campaigns/{campaign_id}/analytics
- Campaign analytics (conversion rate,
emails sent, etc.)
```

Multi-Client Support

Platform works with:

- Restaurants 
- Hotels 
- Gyms 
- Salons 
- Dealerships 
- Clinics 
- Any service business 

Expected Results (First Week)

- Day 1: Message 1 sent to 7 restaurants
- Day 1-5: Track opens & responses (70% email open rate)
- Day 2: Message 2 auto-sent to non-responders
- Day 7: Expected 2-3 demo bookings = ₹15,000-50,000 revenue
